EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Delete claim 21 and insert new claim 21 as follows:

21. A method of treating an expanse of skin, comprising:

(a) contacting the skin with a product according to claim 1, wherein said contacting comprises laying said substrate in contact with said expanse of skin for a period of time, and wherein said contact ruptures the microcapsule wall of said microcapsules; and

(b) removing said product from said expanse of skin, thereby providing an increase in skin whitening.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Applicants have claimed a product according to present claim 1. While substrates containing microcapsules with a polyamine-containing wall are known in the art, and may even be present in products for application to the skin, the prior art does not teach such a microcapsule wall that further includes a skin lightening agent, and it would not have

been obvious to one of ordinary skill in the art to formulate such a product absent some suggestion from the prior art. Accordingly, the present claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles I. Boyer whose telephone number is 571 272 1311. The examiner can normally be reached on M-Th 9:30 to 6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Harold Pyon can be reached on 571 272 1498. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
